DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 20-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 20, line 2, after the word "comprising" the semi-colon (;) is in error; "the first opening" in line 6, and "the second opening" in line 10, lack structural support as to how they relate to "an opening" in line 4.

Claim 21, the repetitive use of languages such as "a passage" and "the passage" fails to distinguish from "a passage" in claim 20. "the well line adaptor" also lacks proper antecedent support.

Claim 24, the languages such as "the lower end", "the upper and lower end", and "the upper and lower regions" are indefinite for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections with the respective parts of the housing.

Claim 25, "the upper gasket", and the "upper seating surface" all lack proper antecedent supports.

Claim 26, "the first opening", "the second opening" and "the well chamber" all lack proper antecedent support.

Claim 27 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite in that it fails to point out what is included or excluded by the claim language. This claim is an omnibus type claim.

Allowable Subject Matter

Claims 20-26 are would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
